

Guide To The Evaluation Of Educational Experiences In The Armed Services, 76 American Council On Edu

22 | UNDERGRADUATE ACADEMIC COMMUNITY

examinations have been developed by a number of departments at Concordia for departmental use. No more than 20 semester credits can be applied to the 126 semester credits required for graduation. See the Office of the Registrar for details and fees for these options.

Veterans Affairs Eligibility: Concordia College is approved by the Minnesota State Approving Agency for Veteran's Educational Benefits.

To obtain benefits, the veteran must apply for a Certificate of Eligibility. Application forms may be obtained from the Veterans Administration Regional Office. This should be done as soon as possible after acceptance so that the Certificate of Eligibility may be obtained before the veteran comes to the campus.

In evaluating and granting credit to veterans who have pursued specialized training programs in the armed forces, the college utilizes the Guide to the Evaluation of Educational Experiences in the Armed Services, prepared by the American Council of Education.

Academic Classification

Freshman: 0-23.99 earned semester credits

Sophomore: 24-55.99 earned semester credits

Junior: 56-87.99 earned semester credits

Senior: 88 and more earned semester credits

Student Enrollment Status:

Full time: Students enrolled in 12 or more semester credits

Half time: Students enrolled in 6-11.99 semester credits

Less than half time: Students enrolled in less than 6 semester credits

Academic Progress, Probation and Suspension

Normal Progress: Normal progress toward a degree is defined as earning 16 semester credits and achieving a 2.0 GPA, on the average, per semester, and satisfactorily meeting the other fixed requirements of the college. A student earning 16 semester credits for eight semesters will acquire slightly more than the 126 semester credits required for graduation in a four-year period.

Academic Probation and Suspension: A student not meeting the standards for acceptable academic progress as defined by the chart below, is placed on academic probation or suspension. Academic Probation requires the student to work with an academic counselor to develop an academic improvement plan. A student's number of credits, cocurricular involvement and/or employment may be restricted during the period of probation.

Minimum academic progress	0-17	17.01-34	34.01-51	51.01 and beyond
Concordia Cumulative GPA	1.7	1.8	1.9	2.0
Completion rate	50%	62.5%	68.75%	68.75%

Credit hours listed above include all courses completed (including Concordia courses, transfer and other credits).

Concordia Cumulative GPA is the GPA calculated from just the courses attempted at Concordia (does not include transfer grades).

Completion rate is percentage of Concordia attempted hours successfully completed.

If a student on probation does not meet the standards for acceptable academic progress but attains a 2.0 term grade point average and completes the required percentage of courses for the term, the student may be given permission to remain on probation for an additional semester.

Failure to meet the minimum academic progress standards will result in academic and financial aid suspension. In addition, students may be suspended from

Concordia at any time if their academic performance in any given semester falls below a 1.0 GPA. A student may appeal suspension status if they have mitigating circumstances beyond their control such as illness or injury, death of a relative, or other circumstances that result in undue hardship. The Student Academic Performance and Procedures Committee will review appeals and their decision is final. Contact the Office of the Registrar for further information.

After the suspension period has passed, a student is eligible to apply for re-admission. The re-admission decision will take into consideration the student's history and actions or circumstances that would justify re-admission; for example, successful completion of coursework at another institution.

If re-admitted, the student may be reinstated on a probationary and contractual basis and required to meet specific expectations.

Note: Students receiving Financial Aid should consult the Financial Aid Office for the Financial Aid Academic Progress Policy.

Dean's List

Students who excel in their courses are named to the dean's list at the end of each semester. In order to receive this distinction, students must be attending full time, complete a minimum of 12 semester credits and earn a GPA of 3.7 or above for the semester. Grade changes for the semester must be received in the Office of the Registrar no later than the last day of the first week of classes in the following semester or summer session to impact consideration for the dean's list. Nominations to the dean's list are made from each semester's grades; they are not based on a cumulative GPA for the student's college career. Students named to the dean's list and their parents are notified by letter following each grading period.

Degree and Graduation Requirements

Concordia offers Bachelor of Arts and Bachelor of Music degrees, as well as a Master of Education in World Language Instruction. It is important that students understand the requirements of their desired degree. Advisors will assist in selecting programs of study. All students have access to Degree Works, an electronic degree audit system. This tool, as well as the academic catalog, provides students the information necessary to evaluate their progress toward degree completion. The Office of the Registrar manages the system. Any questions or concerns about the degree audit and the information it provides should be directed to that office. **However, the final responsibility for meeting all requirements rests with the student.**

Students graduate according to requirements published in the Concordia College Catalog at the time of their matriculation at Concordia, or any one subsequent catalog published during their enrollment. Students who are readmitted two years or more after their last enrollment must satisfy requirements published in the catalog in effect at the time of readmission, or any one subsequent catalog published during their enrollment. Graduation rates are available from the Office of Institutional Effectiveness.

Bachelor of Arts Degree – Requirements

1. General

- 126 semester credits
- Cumulative GPA of 2.0 in Concordia courses
- Residence requirements met (see Residence Requirement below)
- 40 semester credits with senior college credit (courses numbered 300 and above)

2. Major

- Completion of all requirements for at least one major, as outlined in the department pages of the catalog
- A minimum of 50 percent of the major requirements must be Concordia coursework
- A minimum GPA of 2.0 in Concordia courses and all courses in the major presented for graduation. Individual departments may have more restrictive policies. Please consult the individual department page for details.
