

The Nature Of The Pension Agreement

To breach this gap, the following contractual stipulations are proposed:

- Regardless of Mr Molefe's age after the 5 year termination date, he be allowed to retire from Eskom's service on the basis that he is aged 63.
- That the penalties prescribed by the Eskom Pension and Provident Fund (EPFP) for retirement prior to age 63, be waived.
- That Eskom carries the cost of such penalties (to be paid over to the EPFP).
- In the event that Mr Molefe's contract is not extended beyond the 5 year termination date, he will not be allowed to subscribe to any other SOC or government pension fund.
- Should the contract be extended, however, it is important to note that the cost of any subsequent penalties (actuarial value) will decrease proportionately".
